ZONING BOARD OF APPEAL REQUIREMENTS and MEETING DATES

All items **MUST** be submitted with completed application and fee.

1. **Board of Zoning Appeals Application** and fee.
 - a. Residential: \$100
 - b. Commercial: \$200
2. **Site plan** depicting the following:
 - a. Property address, property lines, and dimensions
 - b. Location of main and accessory structures including property line setbacks
 - c. Location of the variance or request for special approval
3. A **written statement** describing the nature or reason for the variance request. The Board shall review each application for a variance to determine if it complies with the purpose and intent of this Zoning Code and evidence demonstrates that the literal enforcement of this Zoning Code will result in practical difficulty or unnecessary hardship.

Area Variance.

The following factors shall be considered and weighed by the Board to determine practical difficulty:

- a. Whether special conditions and circumstances exist which are peculiar to the land or structure involved and which are not applicable generally to other lands or structures in the same zoning district. Examples of such special conditions or circumstances are exceptional irregularity; narrowness, shallowness or steepness of the lot; or proximity to non-conforming and inharmonious uses, structures or conditions.
- b. Whether the property in question will yield a reasonable return or whether there can be any beneficial use of the property without the variance;
- c. Whether the variance is substantial and is the minimum necessary to make possible the reasonable use of the land or structures;
- d. Whether the essential character of the neighborhood would be substantially altered or whether adjoining properties would suffer substantial detriment as a result of the variance;
- e. Whether the variance would adversely affect the delivery of governmental services such as water, sewer, trash pickup;
- f. Whether the property owner purchased the property with knowledge of the zoning restrictions;
- g. Whether special conditions or circumstances exist as a result of actions of the owner;
- h. Whether the property owner's predicament feasibly can be achieved through some method other than a variance;
- i. Whether the spirit and intent behind the zoning requirement would be observed and substantial justice done by granting a variance;
- j. Whether the granting of the variance requested will confer on the applicant any special privilege that is denied by this regulation to other lands, structures, or buildings in the same district; and
- k. Whether a literal interpretation of the provisions of this Code would deprive the applicant of rights commonly enjoyed by other properties in the same district under the terms of this Code.

Use Variance.

 - b. The variance requested stems from a condition which is unique to the property at issue and not ordinarily found in the same zone or district;
 - c. The hardship condition is not created by actions of the applicant;
 - d. The granting of the variance will not adversely affect the rights of adjacent property owners or residents;
 - e. The granting of the variance will not adversely affect the public health, safety or general welfare;
 - f. The variance will be consistent with the general spirit and intent of the Planning and Zoning Code; and
 - g. The variance sought is the minimum that will afford relief to the applicant.
